Supplementary material: Piano Onset Detection

The following figures illustrate the performance of our *weakly*-supervised piano onset detection model on two different short piano extracts. Our approach achieves localization *without any localization prior* — using only *occurrence counts* for training.

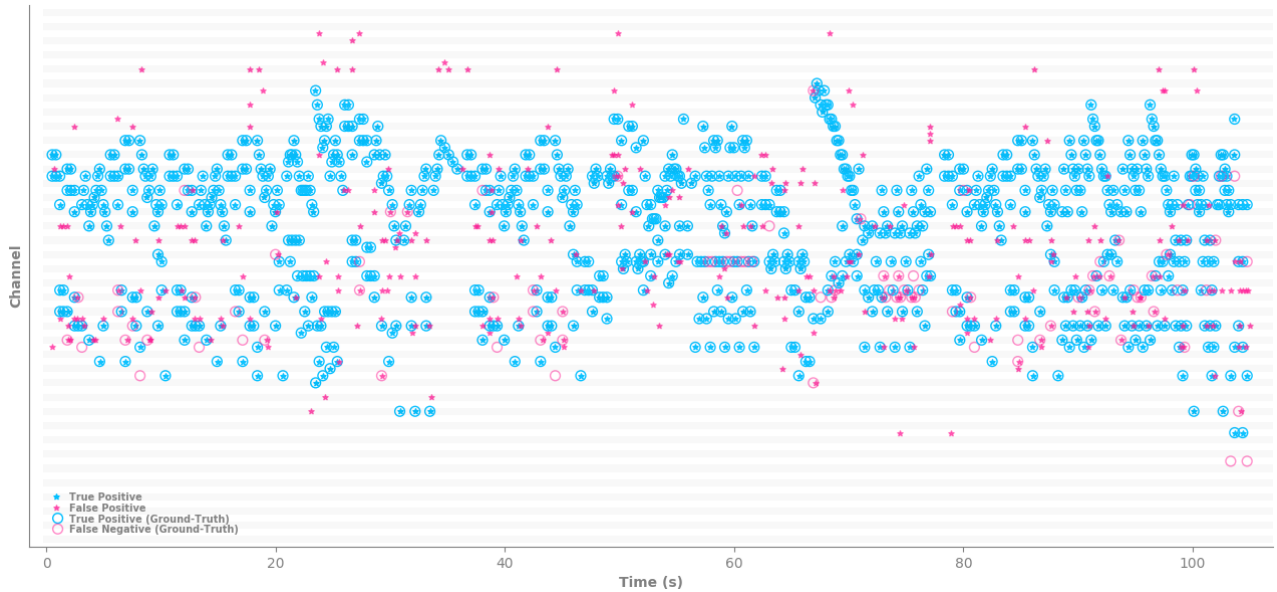

*Figure 1.* Mozart - Piano Sonata in C major ('Sonata semplice') K. 545 - 3rd Movement Rondo (Allegretto)

Figure 2. Grieg - Lyric Pieces Book III, Opus 43 - No. 1 Butterfly
